**Prisoners Fared Royally, But Some of  
Them Were Charged With Of-  
fenses Not to Be Condoned And  
Suffered Accordingly.**

The holiday led to excess with a few individuals. The chief of police and the officers were inclined to be lenient and paid attention to only flagrant cases of misdemeanor. They were vigilant Christmas eve and the day following in advising the friends of disorderly persons to take the inebriates home and out of harm's way.

But there were six men who had Christmas dinner at the hotel de Thompson. It wasn't a plain dinner either. At noon Chief of Police Thomas V. Thompson received a peremptory call to the home of his mother, Mrs. A. V. Thompson, who reminded him that she had filled a basket for the prisoners in the city jail. Puffing hard under the weight of the groaning basket the chief soon arrived at the jail. There was turkey and all of the accessories to a fine Christmas dinner for those gone astray.

There was also a pail of rich coffee, and the prisoners fell to the feast with avidity and emotions that may be productive of better ethics on their part in the future.

James Penny began an early celebration and was picked up by Officers Stafford and Morris on Market street Tuesday evening. His fine was \$1 and costs.

Walter Brown (colored) and Richard Burroughs (white) happened to meet in the Diamond alley off Sixth street Tuesday night. Neither was drunk, but the twain had a long standing grievance and a meeting vis a vis was all the signal necessary for a casus belli. They were engaged in a battle royal when Officers Morris and Stafford pulled them apart and took them to the city jail. The mayor thought that a fine of \$2 and costs would be sufficient. Burroughs settled and Brown gave security, so both were released.

John Gorley was arrested about noon yesterday by Officer Stafford for drunkenness and disorderly conduct. But Gorley will have to face a graver charge, as Chief Thompson accuses him of having stolen about \$12 worth of ware from the D. E. McNicol pottery a week ago.

The Call brothers, Mose and Duff, made a descent on the Deldrich saloon on Franklin avenue yesterday afternoon and were turning the place into a Donnybrook fair. A dozen men were engaged in the pastime of using each other for punching bags and the window was smashed when Officers Stafford and Wood arrested the Call brothers, who were taken in the patrol wagon to the jail.

As an aftermath of Christmas there were charges against 15 persons, being the largest list at one time during the present administration.

When Mayor Davidson fingered the batch of complaints at his office this morning he said: "There is just 75 cents in that whole bunch, but I would give a dollar for a photograph of the layout. It is a shame to waste this good paper in writing their names."

Just then Chief Thompson came in with the prisoners' breakfast. Then the mayor burst out with: "What, breakfast for those fellows? Bread and water is too good for them!"

In addition to the above list of offenders was the following: Charles Garry, arrested by Officer Stafford; Ike Gorley, arrested by Stafford; Charles Amos, arrested by Stafford; Fred Bloor, arrested by Aufderheide; William Roberts, of New Cumberland, arrested by Morris; unknown, arrested by Morris; Frank Gorley, arrested by Morris; and John Haggerty, arrested by Officer Mahoney.

They were charged with drunk and disorderly conduct and assessed the customary fine.

William Roberts, of New Cumber-

land, is a chicken fancier and had in his possession a set of fine gaffs for game cocks.

Mayor Davidson fined Mose and Duff Call \$50 and costs. Charles Callagher, Frank, John and Ike Gorley and Charles Amos were given \$10 and costs. The seven prisoners will be taken to the Canton workhouse tomorrow morning. When the Gorleys arrive at Canton there will be four brothers in the workhouse.

Local sports went across the river eluding all police vigilance, yesterday afternoon, and, in a secluded spot, a boxing bout was held. The men who did the sparring were Jack Foley, of Mingo, and Pat Murphy, of East Liverpool.

About 100 persons were present, but Murphy only lasted for three rounds. He was in fact ready to quit at the end of the first round, but by the persistent urging of friends, stayed in the ring for three rounds, at the end of which he failed to respond when Referee Hugh McDermott finished counting.

There were frequent clinches, but these were promptly broken by the referee. During the second round when Murphy said to his opponent, "You are hitting me too hard," the crowd was frantic with groans and hisses. Although as heavy as Foley, 136 pounds, Murphy was completely outclassed. It was evident that he was on the defensive from the start, and he was repeatedly rushed to his corner.

There was very little side betting, as the local men refused to put up any money on Murphy after a little incident which occurred in an East Liverpool saloon Tuesday evening. Murphy is said to have cuffed a one-armed stranger, who knocked him down. The pugilist claimed that the cripple had given him an unexpected blow, but the incident caused the sports to refuse to put any confidence in Murphy as a favorite.

**Warrant for a West End Man Looks

An accusation of robbery and a wordy warfare of profanity by a man named Cochrane against Mrs. Dorcas Haddox in the West End this morning led to the making of a complaint for a warrant against Cochrane in Justice McCarron's court this afternoon.

Cochrane works in the East End, but during the holidays has been spending part of his time with his daughter, Mrs. Wright, in the West End, also at Mrs. Haddox's boarding house.

He claims that his wages were stolen from his pocketbook while he was at the Haddox place.

When Cochrane made his errand known Mrs. Haddox became incensed at his assertions, and Mr. Haddox says that Cochrane was guilty of uncouth and profane language. A warrant for trespass was placed in the hands of Constable Powell. The defendant's son-in-law said that Cochrane would also have a charge to bring.

**The Christmas Services Were Most  
Impressive—Beautiful  
Decorations.**

Two services were held at St. Stephen's church yesterday. At the service at 6:30 o'clock in the morning communion was observed by over 100 persons. The second or choral service was held at 10 o'clock. A special musical program was rendered by the vested choir. The auditorium was beautifully decorated with greens, and hanging from the center of the arch in the pulpit was a large star trimmed with ferns and illuminated by numerous electric lights.

The anniversary of the dedicatory exercises of this church will be held tomorrow. Holy communion will be observed at 7:30 a. m., while in the evening an anniversary service will be held when Rev. Dr. F. E. J. Lloyd, of St. Mark's Episcopal church, Cleveland, will preach.

## A LIVELY QUARREL

**IN WHICH CHARGES OF ROBBERY  
ARE A FEATURE.**

**Warrant for a West End Man Looks  
Like the Beginning of  
Trouble.**

An accusation of robbery and a wordy warfare of profanity by a man named Cochrane against Mrs. Dorcas Haddox in the West End this morning led to the making of a complaint for a warrant against Cochrane in Justice McCarron's court this afternoon.

Cochrane works in the East End, but during the holidays has been spending part of his time with his daughter, Mrs. Wright, in the West End, also at Mrs. Haddox's boarding house.

He claims that his wages were stolen from his pocketbook while he was at the Haddox place.

When Cochrane made his errand known Mrs. Haddox became incensed at his asseartions, and Mr. Haddox says that Cochrane was guilty of uncouth and profane language. A warrant for trespass was placed in the hands of Constable Powell. The defendant's son-in-law said that Cochrane would also have a charge to bring.

### NUMEROUS GOOD WEDDING FEES

**Poured Into the Coffers of Pastors of  
the Local Churches—Accounts of a  
Large Number of the Ceremonies  
Solemnized.**

Cupid with his arrow struck the hearts of many during the past few days. It is reasonable to believe that never before were the local ministers so busy marrying couples as during the past week.

I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by Alvin H. Bulger, Druggist.

Pussy's Sponge and Hairbrush. Cats large and small make the most careful toilet of any class of animals. Lions and tigers wash themselves in exactly the same manner as the cat, wetting the dark, India-rubber-like ball of the fore foot and the inner toe, and passing it over the face and behind the ears. The foot is thus at the same time a face sponge and brush, and the rough tongue combs the rest of the body.

## NEW MEXICANS FOOLED.

Saw "Gamble" Over the Senator's Door and Wanted a Game.

Down in the basement of the capitol at Washington there is a row of committee rooms used by members of the senate and house who cannot get better ones up stairs. Over the door of each room is painted the name of the occupant. Senator Gamble of North Dakota, while waiting for the senate painter to prepare him a sign, printed the word "Gamble" in sprawling capital letters on a large sheet of paper and pasted it on the frosted glass door.

Three visitors from New Mexico wandered past the other afternoon reading the signs on the doors, says the New York World. When they came to Senator Gamble's room, with its paper sign, one of them nudged another and said, "Let's go in and look her over." They opened the door and walked in, to the astonishment of a mild mannered young man at work at a typewriter. The three New Mexicans stood together near the door and looked around. Finally one of them said, "Where's it?"

"Where's what?" asked the young man at the typewriter.

"Why, the layout or the wheel? What's the game, and how much is a stack?"

"I don't understand you," said the young man at the typewriter.

"Aw, that's all right," said one of the party. "We're all right too. Open up, and we'll take a chance."

By this time the young man was beginning to think the visitors were crazy. He protested that he did not know what the New Mexicans meant, and they, after a whispered conversation, stalked out into the hall.

"Guess our game ain't good enough for him," was the only comment made. "But it says 'Gamble' on the sign, sure enough."

## BABY QUENTIN DISSATISFIED

Youngest Roosevelt Longs For the Freedom of His Old Home.

Quentin, the youngest son of President Roosevelt, is the only member of the family who can boast the Capital City as a birthplace. He was born just prior to the Spanish-American war at 1735 N street, Washington, while his father was organizing the rough riders. He often wears a little rough rider's uniform, and the attendants of the White House must maneuver through all drills whenever the infant warrior takes a notion.

Quentin does not think much of Washington as a place of residence, says the New York World. The other day he desired to walk through the flower beds on stilts. His father told him that the gardener objected. The youngest answered: "I don't see what good it does for you to be president. There are so many things we can't do here. I wish I was home again."

### New Species of Otter.

Way down in South America, from Guiana to Argentina, there has been discovered the ariranha, recognized as the largest species of the otter. It grows to a length of five feet. The oddest thing about it is that its skin seems to be much too large for its body, says the Philadelphia Times. In liveliness it surpasses even the playful seal. An ariranha has been tamed and has a bound for its playfellow. At a certain hour the captive goes to the door of its cage and there whines and yells until turned loose in the garden, where it rushes around, barking joyously. It deftly catches the fish thrown to it and skillfully prevents the dog from appropriating any of the food.

### Doomed Either Way.

Doctor—Mr. Tiffington, your wife will risk her life if she attends that wedding so soon after having the grip.

Mr. Tiffington—Well, doctor, she'll lie if she has to miss it.—Life.

### Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop formation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. Your only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You can get Dr. G. G. Green's reliable remedies at Charles F. Craig's, Foutts Bldg., East Liverpool, O. Get Green's special almanac.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by Alvin H. Bulger, Druggist.

West Virginia—Fair today, except rain in mountain districts. Tomorrow fair; variable winds.

Pussy's Sponge and Hairbrush. Cats large and small make the most careful toilet of any class of animals, excepting some of the opossums. Lions and tigers wash themselves in exactly the same manner as the cat, wetting the dark, India-rubber-like ball of the fore foot and the inner toe, and passing it over the face and behind the ears. The foot is thus at the same time a face sponge and brush, and the rough tongue combs the rest of the body.

## NEW MEXICANS FOOLED.

Saw "Gamble" Over the Senator's Door and Wanted a Game.

Down in the basement of the capitol at Washington there is a row of committee rooms used by members of the senate and house who cannot get better ones up stairs. Over the door of each room is painted the name of the occupant. Senator Gamble of North Dakota, while waiting for the senate painter to prepare him a sign, printed the word "Gamble" in sprawling capital letters on a large sheet of paper and pasted it on the frosted glass door.

Three visitors from New Mexico wandered past the other afternoon reading the signs on the doors, says the New York World. When they came to Senator Gamble's room, with its paper sign, one of them nudged another and said, "Let's go in and look her over." They opened the door and walked in, to the astonishment of a mild mannered young man at work at a typewriter. The three New Mexicans stood together near the door and looked around. Finally one of them said, "Where's it?"

"Where's what?" asked the young man at the typewriter.

"Why, the layout or the wheel? What's the game, and how much is a stack?"

"I don't understand you," said the young man at the typewriter.

"Aw, that's all right," said one of the party. "We're all right too. Open up, and we'll take a chance."

By this time the young man was beginning to think the visitors were crazy. He protested that he did not know what the New Mexicans meant, and they, after a whispered conversation, stalked out into the hall.

"Guess our game ain't good enough for him," was the only comment made. "But it says 'Gamble' on the sign, sure enough."

## BABY QUENTIN DISSATISFIED

Youngest Roosevelt Longs For the Freedom of His Old Home.

Quentin, the youngest son of President Roosevelt, is the only member of the family who can boast the Capital City as a birthplace. He was born just prior to the Spanish-American war at 1735 N street, Washington, while his father was organizing the rough riders. He often wears a little rough rider's uniform, and the attendants of the White House must maneuver through all drills whenever the infant warrior takes a notion.

Quentin does not think much of Washington as a place of residence, says the New York World. The other day he desired to walk through the flower beds on stilts. His father told him that the gardener objected. The youngster answered: "I don't see what good it does for you to be president. There are so many things we can't do here. I wish I was home again."

## New Species of Otter.

Way down in South America, from Guiana to Argentina, there has been discovered the airanraha, recognized as the largest species of the otter. It grows to a length of five feet. The oddest thing about it is that its skin seems to be much too large for its body, says the Philadelphia Times. In liveliness it surpasses even the playful seal. An airanraha has been tamed and has a bound for its playfellow. At a certain hour the captive goes to the door of its cage and there whines and yells until turned loose in the garden, where it rushes around, barking joyously. It deftly catches the fish thrown to it and skillfully prevents the dog from appropriating any of the food.

## Doomed Either Way.

Doctor—Mr. Tiffington, your wife will risk her life if she attends that wedding so soon after having the grip.

Mr. Tiffington—Well, doctor, she'll lie if she has to miss it.—Life.

## Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop formation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. Your only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You can get Dr. G. G. Green's reliable remedies at Charles F. Craig's, Foutts Bldg., East Liverpool, O. Get Green's special almanac.

On the Free List. Some years ago there was a tollgate on a plank road leading to Elmwood cemetery, Detroit. All funerals were allowed to pass along this road without paying. One day Dr. Pierce, a well known physician, while paying his toll, jokingly remarked to the gatekeeper: "Considering the benevolent character of our profession, I think you ought to let us pass free of charge." "No, no, doctor," said the gatekeeper; "we can't afford that. You send too many deadheads through as it is."—New York Times.

### ENDS THE THREATENED WAR.

Dispatch From Santiago De Chili Tells of Signing of the Agreement and Argentine Government Officially Confirms the News.

Buenos Ayres, Dec. 26.—(Via Galveston)—The new protocol between Chili and Argentina has been signed. Buenos Ayres, Dec. 26.—A dispatch from Santiago De Chili says that after a fresh conference held last evening between President Riesco, Foreign Minister Yanez and Senor Portela, the Argentina minister, the new agreement was signed, the latest modifications to the former proposals being accepted.

The government officially confirms the statement that the new agreement has been signed, putting an end to the conflict between the two nations.

Buenos Ayres, Dec. 26.—(Via Galveston)—The newspapers say the new protocol between Chili and Argentina dispels the immediate danger of war, but that the remedy is not permanent.

The armies of the two countries are meanwhile continuing their warlike preparations.

Chili has decided upon the erection of new fortifications at Talcahuano and Punta Arenas.

At a secret session of the Chilian senate the government demanded authority for the expenditure of \$15,000,000 in preparations for defense. The sitting was an exciting one. It was finally decided to authorize the floating of a loan for the purpose.

According to the Diario and the Comercio, Argentine, for her part, in view of the new naval acquisition by Chili, has decided upon the construction in Italy of two warships of 8,000 tons, to be ready by the end of 1902.

A gang of three tramps took possession of a freight car on the Lake Erie railroad, driving away the crew. At Beaver Falls the police captured them after a battle.

Andrew Carnegie has offered the city of Akron \$70,000 for a free public library, the city to guarantee \$7,000 annually to maintain it. The offer will probably be accepted.

John Campbell, formerly of Beaver Falls, was convicted in Allegheny county of voluntary manslaughter for killing Jack Robinson on a shanty boat at McKee's Rocks.

Prof. W. R. Spicer, president of Franklin college, of New Athens, started from that point with his wife and one year old infant to visit friends at Baltimore. The child became ill during the drive to Cadiz, and died a few hours afterward.

## MEMBER ILLINOIS ASSEMBLY

AFFLICTED WITH CATARRH OF THE THROAT AND LUNGS.

## CURED BY PERUNA.

HON. JOHN J. FURLONG, Member of the Thirty-fifth General Assembly of the State of Illinois, writes of Peruna as follows:

1333 Osgood St., Chicago, Ill. The Peruna Medicine Co., Columbus, O.

Gentlemen—...I can safely recommend Peruna as a remedy that will cure all catarrhal troubles.

"It was of great benefit to me as it cured me of catarrh of the throat and lungs permanently and in a very short time. I am glad to add my endorsement to that of others."—JOHN J. FURLONG.

Cures Made by Peruna are Permanent Cures.

A patient cured by Peruna is no more liable to catarrh than if he had never had it.

Cured of Catarrh of the Entire System.

Mr. William Flood, care Fifth Avenue Hotel, Louisville, Ky., says: "Your Peruna has completely cured me of that distressing disease, catarrh, which affected my head, nose, bronchial tubes, and, in fact, my whole system."

"For nine years I bought everything that was advertised as a sure cure for my complaint, but it so happened that I did not buy Peruna until nine months ago.

"After using your splendid remedy according to your directions I am today a well man. I find Peruna to be the greatest family medicine ever discovered. I shall always keep a bottle of it on hand.

"I can candidly state that had it not been for Peruna I would have given up my position, being too weak to do my work. For eighteen years life was a burden."—Mr. William Flood.

Congressman J. A. Barham, of Santa Rosa, California, writes:

"At the solicitation of a friend I used your Peruna, and can cheerfully recommend it as an excellent remedy for all catarrhal troubles. It is indeed a wonderful medicine."—J. A. Barham.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Works of Charity Done—Christmas Believed to Have Been a Record Breaker in Way of Charitable Work About New York.

New York, Dec. 25.—Public and private charity gave happiness to thousands of persons in this city yesterday, while in the outlying districts, where the wealthy have their country seats, the poor were better cared for and made happier than ever before.

The feature of the day was the organized work of the Salvation Army. By means of a fund raised by that organization 3,000 persons sat down last evening to a substantial dinner in Madison Square garden, while, earlier in the day, 3,400 baskets, each containing a complete dinner, were distributed at the garden. These baskets are estimated to have contained food for 20,000 persons.

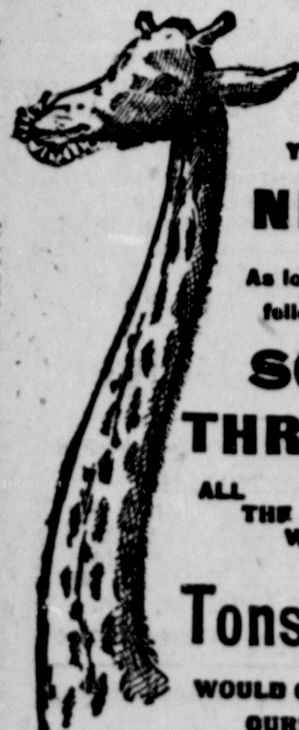

At the Bowery mission nearly 10,000 men and boys were fed and entertained. Various other organizations supplied all the applicants with clothing and with toys for children.

All the churches held special services with elaborate musical programs as a feature, and despite a chill, drizzling rain, which fell at intervals, the day is believed to have been a record breaker in the way of charitable work.

Dispatch From Santiago De Chili Tells of Signing of the Agreement and Argentine Government Officially Confirms the News.

Buenos Ayres, Dec. 26.—(Via Galveston)—The new protocol between Chili and Argentina has been signed. Buenos Ayres, Dec. 26.—A dispatch from Santiago De Chili says that after a fresh conference held last evening between President Riesco, Foreign Minister Yanez and Senor Portela, the Argentine minister, the new agreement was signed, the latest modifications to the former proposals being accepted.

The government officially confirms the statement that the new agreement has been signed, putting an end to the conflict between the two nations.

Buenos Ayres, Dec. 26.—(Via Galveston)—The newspapers say the new protocol between Chili and Argentina dispels the immediate danger of war, but that the remedy is not permanent.

The armies of the two countries are meanwhile continuing their warlike preparations.

Chili has decided upon the erection of new fortifications at Talcahuano and Punta Arenas.

At a secret session of the Chilian senate the government demanded authority for the expenditure of \$15,000,000 in preparations for defense. The sitting was an exciting one. It was finally decided to authorize the floating of a loan for the purpose.

According to the Diario and the Comercio, Argentine, for her part, in view of the new naval acquisition by Chili, has decided upon the construction in Italy of two warships of 8,000 tons, to be ready by the end of 1902.

John Craig, of Wampum, Pa., was run down and instantly killed by a passenger train at that point.

Dr. Daniel Summers, aged almost 80, died at his home near New Chambersburg. He retired from practice some years ago.

A gang of three tramps took possession of a freight car on the Lake Erie railroad, driving away the crew. At Beaver Falls the police captured them after a battle.

Andrew Carnegie has offered the city of Akron \$70,000 for a free public library, the city to guarantee \$7,000 annually to maintain it. The offer will probably be accepted.

John Campbell, formerly of Beaver Falls, was convicted in Allegheny county of voluntary manslaughter for killing Jack Robinson on a shanty boat at McKee's Rocks.

Prof. W. R. Spicer, president of Franklin college, of New Athens, started from that point with his wife and one year old infant to visit friends at Baltimore. The child became ill during the drive to Cadiz, and died a few hours afterward.

## MEMBER ILLINOIS ASSEMBLY

AFFLICTED WITH CATARRH OF THE THROAT AND LUNGS.

## CURED BY PERUNA.

HON. JOHN J. FURLONG, Member of the Thirty-fifth General Assembly of the State of Illinois, writes of Peruna as follows:

1353 Osgood St., Chicago, Ill.

The Peruna Medicine Co., Columbus, O. Gentlemen—“I can safely recommend Peruna as a remedy that will cure all catarrhal troubles.”

“It was of great benefit to me as it cured me of catarrh of the throat and lungs permanently and in a very short time. I am glad to add my endorsement to that of others.”—JOHN J. FURLONG.

Cures Made by Peruna are Permanent Cures.

A patient cured by Peruna is no more liable to catarrh than if he had never had it.

Cured of Catarrh of the Entire System. Mr. William Flood, care Fifth Avenue Hotel, Louisville, Ky., says: “Your Peruna has completely cured me of that distressing disease, catarrh, which affected my head, nose, bronchial tubes, and, in fact, my whole system.”

“For nine years I bought everything that was advertised as a cure for my complaint, but it so happened that I did not buy Peruna until nine months ago.

“After using your splendid remedy according to your directions I am today a well man. I find Peruna to be the greatest family medicine ever discovered. I shall always keep a bottle of it on hand.

“I can candidly state that had it not been for Peruna I would have given up my position, being too weak to do my work. For eighteen years life was a burden.”—Mr. William Flood.

Congressman J. A. Barham, of Santa Rosa, California, writes:

“At the solicitation of a friend I used your Peruna, and can cheerfully recommend it as an excellent remedy for all catarrhal troubles. It is indeed a wonderful medicine.”—J. A. Barham.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

## CIRCULATION STATEMENT.

The sworn paid circulation of the  
EVENING NEWS REVIEW Septem-  
ber 17, 1901, TWO THOUSAND ONE  
HUNDRED (2,100.)

The average circulation since the  
statement of August 1, 1901, TWO  
THOUSAND AND THIRTY-FIVE (2,  
035.)

A net gain since March 1, 1901, of  
ONE THOUSAND TWO HUNDRED  
AND TWENTY-THREE (1,223) sub-  
scribers.

THURSDAY, DECEMBER 26, 1901.

Our neighbors over in West Vir-  
ginia can certainly point with pride to  
the showing they make in the census  
statistics. In 1890 the capital invest-  
ed in manufacturing was \$28,000,000;  
in 1900 it had doubled. The amount  
of wages 10 years ago was about  
\$7,000,000, while last year it was near-  
ly \$13,000,000. The product of the  
plants increased in the 10 years from  
\$35,000,000 to \$74,000,000. This is cer-  
tainly a grand showing, but the best  
of it is that the Mountain State has  
only just begun to grow.

The chairman of the Ohio Democra-  
tic Central committee has called a  
meeting for the middle of January to  
size up the Democratic situation in  
the state and try to reorganize the  
party. The labors of Hercules were  
as nothing to the task this once  
thrifty organization has set for it-  
self.

The merchants of East Liverpool  
had an immense holiday business. No  
line of trade can complain of lack of  
patronage. There was more trade, and  
better articles were purchased. It was  
a merry Christmas for both seller  
and buyer.

The London Daily News admits that  
Mr. Gladstone's prophecy, that the  
United States would replace Great  
Britain as the first commercial nation  
of the world, has been realized. The  
eagle hasn't been screaming all these  
years without cause.

The Chinese court wants to hire an  
American adviser and pay him \$15,000  
a year. Here is a splendid opening  
for William J. Bryan, provided China  
will accept him. Such as it is, he has  
more advice to bestow than any other  
American living.

The president has selected a west-  
ern man of brains and ability to suc-  
ceed Lyman J. Gage as secretary of  
the treasury. Governor Shaw, of Iowa,  
is a sound money man as well as a  
man of sound sense.

The state legislature is being asked  
to provide better street car accom-  
modations for Cincinnati. Similar re-  
quests without number are likely to  
be made of the local legislature in  
East Liverpool.

There is talk of a John Smith expo-  
sition at Jamestown, Va., in 1907. If  
all the John Smiths give it their sup-  
port the affair can't help being a suc-  
cess.

Santa Claus reached Wellsville all  
right. Luckily he did not have to  
wait on the street cars, or his arrival  
might have been everlastingly too  
late.

England wants the sultan to keep  
another of his old promises to pay.  
Are Mr. Hamid's friends all going to  
turn against him?

The happiest feature of Christmas  
is always the family reunions. These  
appear to have been unusually numer-  
ous this year.

Wellsville proposes to have a hos-  
pital. It is certainly a needed insti-  
tution there, and the project ought to  
succeed.

Theodore Roosevelt, commander-in-  
chief of the army and navy, evidently  
proposes to live up to his title.

Historian Maclay drops out of the

navy department into the vortex of  
oblivion.

All the Christmas celebrations were  
pronounced successes.

Cupid also had a merry Christmas.

It was merry in spite of the mud.

Soft weather caused the river to

## POTTERY NEWS

The officials of the Dresden pottery  
have adopted a plan, the purpose of  
which is to impress upon the minds  
of those in the office the good that is  
to be accomplished by adhering to sev-  
eral familiar quotations. Cards con-  
taining the following have been hung  
upon the walls in the office, which  
cannot be hid from the view of any  
who enters the office door: "The con-  
ditions of success in life are the pos-  
session of judgment, experience, ini-  
tiative and character"—Gustave Le  
Bon. "Never make a promise unless  
you intend to keep it"—Henry M.  
Stanley.

During the past week several im-  
provements have been made at the K.  
T. & K. pottery. A new floor has been  
placed in the old decorating shops, and  
several changes have been made about  
the office. New doors have been placed  
in the hallway leading both to Wal-  
nutstreet and into the main office, and  
new stone steps have been placed at  
the Walnut street entrance to the of-  
fice. The walls of the office have been  
repapered and the wood work has been  
grained and varnished. The improve-  
ments are not yet completed.

Quite a change is being made in the  
clay shops at the Burford pottery. A  
new set of shafting is being installed,  
and in the future each jigger will be  
operated independently. The change  
in the shafting will be finished by next  
Monday. It has been said that the  
present year, as far as sales are con-  
cerned, was the biggest and best in the  
history of the Burford company.

The last of the insurance adjustors  
viewed the damage sustained recently  
by the National Pottery company, and  
it is said the loss will be adjusted with-  
in a day or so. Yesterday afternoon  
carpenters and electricians took esti-  
mates of the work to be done in re-  
pairing the plant, and it is expected to  
have the roof repaired before the first  
of the year.

W. C. Browne, for several years  
salesman for the Dresden Pottery  
company, but more recently connect-  
ed with the Thompson company, has  
returned to the Dresden. He will  
cover the same territory as he for-  
merly did for this concern.

The loss to the National pottery  
owing to the recent fire has been ad-  
justed, the company receiving \$560.43.  
The loss estimated by President J. R.  
Warner just after the fire was \$500,  
as stated in this paper.

Burford pottery, accompanied by Mrs.  
Darrah, left for Cleveland yesterday.  
Mr. Darrah will return today, but Mrs.  
Darrah will remain two weeks.

making department at the Buckeye,  
had his right hand caught in the pug  
mill, badly mangleing it. He is not able  
to work.

The Bradshaw Pottery company at  
Niles this week shipped a large con-  
signment of ware to Honolulu.

said to be the finest piece of work of

city. The bed was for the matron's  
room, while some other furnishings  
were sent to be placed in the reception  
room of the superintendent's office.

dent were donated by the East Liver-  
pool branch of the order.

John E. Anderson, chairman of the  
board of trustees, National Council  
Daughters of America, has called a  
meeting of the board to be held in  
Baltimore January 3. The other trust-  
ees are A. A. Tilton, of Turkey, N.  
J., and M. A. Geisbert, of Baltimore.  
The meeting is called for the purpose  
of auditing the books of the funeral  
benefit association, an insurance fea-  
ture connected with the Daughters of  
America.

A fine Christmas social was given  
last evening by the local organization  
of the Home Guards in the Oyster  
building. The hours were spent in  
music and dancing. Luncheon was  
served to over 100 persons.

Pride of the East Council No. 8,  
Jr. O. U. A. M., will install officers  
at the meeting to be held next Thurs-  
day. In one week from that date a  
social and entertainment will be held  
by the council.

At a meeting of the Woodmen of  
the World, Tuesday evening, three new  
members will be initiated. The mem-  
bership of this organization has been  
increasing rapidly during the past few  
months.

The Odd Fellows at their recent  
meeting conferred the third degree up-  
on a candidate. At this meeting a vi-  
sitor was present from the Zanesville,  
O. lodge.

The Elks, at a meeting Friday even-  
ing, will consider plans for holding a  
social at which time the lady friends  
of the organization will be entertained.

The Maccabees at their meeting to-  
morrow night will install new officers.

EVENING NEWS REVIEW Septem-

HUNDRED (2,100.)  
The average circulation since the  
statement of August 1, 1901, TWO

THURSDAY, DECEMBER 26, 1901.

Our neighbors over in West Vir-  
ginia can certainly point with pride to  
the showing they make in the census  
statistics. In 1890 the capital invest-  
ed in manufacturing was \$28,000,000;  
in 1900 it had doubled. The amount  
of wages 10 years ago was about  
\$7,000,000, while last year it was near-  
ly \$18,000,000. The product of the  
plants increased in the 10 years from  
\$35,000,000 to \$74,000,000. This is cer-  
tainly a grand showing, but the best  
of it is that the Mountain State has  
only just begun to grow.

The chairman of the Ohio Democr-  
atic Central committee has called a  
meeting for the middle of January to  
size up the Democratic situation in  
the state and try to reorganize the  
party. The labors of Hercules were  
as nothing to the task this once  
thrifty organization has set for it-  
self.

The merchants of East Liverpool  
had an immense holiday business. No  
line of trade can complain of lack of  
patronage. There was more trade, and  
better articles were purchased. It was  
a merry Christmas for both seller  
and buyer.

The London Daily News admits that  
Mr. Gladstone's prophecy, that the  
United States would replace Great  
Britain as the first commercial nation  
of the world, has been realized. The  
eagle hasn't been screaming all these  
years without cause.

The Chinese court wants to hire an  
American adviser and pay him \$15,000  
a year. Here is a splendid opening  
for William J. Bryan, provided China  
will accept him. Such as it is, he has  
more advice to bestow than any other  
American living.

The president has selected a west-  
ern man of brains and ability to suc-  
ceed Lyman J. Gage as secretary of  
the treasury. Governor Shaw, of Iowa,  
is a sound money man as well as a  
man of sound sense.

The state legislature is being asked  
to provide better street car accom-  
modations for Cincinnati. Similar re-  
quests without number are likely to  
be made of the local legislature in  
East Liverpool.

There is talk of a John Smith expo-  
sition at Jamestown, Va., in 1907. If  
all the John Smiths give it their sup-  
port the affair can't help being a suc-  
cess.

Santa Claus reached Wellsville all  
right. Luckily he did not have to  
wait on the street cars, or his arrival  
might have been everlastingly too  
late.

England wants the sultan to keep  
another of his old promises to pay.  
Are Mr. Hamid's friends all going to  
turn against him?

The happiest feature of Christmas  
is always the family reunions. These  
appear to have been unusually numer-  
ous this year.

Wellsville proposes to have a hos-  
pital. It is certainly a needed insti-  
tution there, and the project ought to  
succeed.

Theodore Roosevelt, commander-in-  
chief of the army and navy, evidently  
proposes to live up to his title.

Historian MacIay drops out of the

navy department into the vortex of  
oblivion.

All the Christmas celebrations were  
pronounced successes.

Cupid also had a merry Christmas.

It was merry in spite of the mud.

non's alley, East End. Miss Hender-  
son had been ill for a few weeks with

young lady and was a decorator in

## RIVER AGAIN RISING

Warm Weather Has Increased the  
Stage of Water in This  
Locality.

Soft weather caused the river to  
start on another rise today. It is now  
at a stage of 9 feet. The ice flow has  
done much to hinder navigation. Last  
Saturday the Ben Hur had its wheel  
broken at Sistersville and was taken  
to Parkersburg for repairs.  
The Lorena has been icebound in  
the Muskingum. The Greenwood is  
expected up this evening and the Vir-  
ginia tomorrow. There will be no  
boats down before tomorrow evening,  
when the Greenwood will return.

## POTTERY NEWS

The officials of the Dresden pottery  
have adopted a plan, the purpose of  
which is to impress upon the minds  
of those in the office the good that is  
to be accomplished by adhering to sev-  
eral familiar quotations. Cards con-  
taining the following have been hung  
upon the walls in the office, which  
cannot be hid from the view of any  
who enters the office door: "The con-  
ditions of success in life are the pos-  
session of judgment, experience, ini-  
tiative and character"—Gustave Le  
Bon. "Never make a promise unless  
you intend to keep it"—Henry M.  
Stanley.

Printers' and Transferers' local No.  
32, at a meeting Monday evening elect-  
ed the following officers: President,  
George Quail; vice president, Byron  
Peterson; recording secretary, Edward  
L. Hatton; financial secretary, David  
McIntosh; treasurer, Frank Martin;  
inside guard, C. McKenty; one per  
cent secretary, George Baum; statis-  
tician, F. P. Judge; inspector, J. Bar-  
nett, Jr.; trustees, for six months, C.  
McKenty; 12 months, George Quail; 18  
months, F. Boulton. Application for  
membership from one candidate was  
received.

During the past week several im-  
provements have been made at the K.  
T. & K. pottery. A new floor has been  
placed in the old decorating shops, and  
several changes have been made about  
the office. New doors have been placed  
in the hallway leading both to Wal-  
nutstreet and into the main office, and  
new stone steps have been placed at  
the Walnut street entrance to the of-  
fice. The walls of the office have been  
repapered and the wood work has been  
grained and varnished. The improve-  
ments are not yet completed.

Quite a change is being made in the  
clay shops at the Burford pottery. A  
new set of shafting is being installed,  
and in the future each jigger will be  
operated independently. The change  
in the shafting will be finished by next  
Monday. It has been said that the  
present year, as far as sales are con-  
cerned, was the biggest and best in the  
history of the Burford company.

The last of the insurance adjustors  
viewed the damage sustained recently  
by the National Pottery company, and  
it is said the loss will be adjusted with-  
in a day or so. Yesterday afternoon  
carpenters and electricians took esti-  
mates of the work to be done in re-  
pairing the plant, and it is expected to  
have the roof repaired before the first  
of the year.

W. C. Browne, for several years  
salesman for the Dresden Pottery  
company, but more recently connect-  
ed with the Thompson company, has  
returned to the Dresden. He will  
cover the same territory as he for-  
merly did for this concern.

The loss to the National pottery  
owing to the recent fire has been ad-  
justed, the company receiving \$560.43.  
The loss estimated by President J. R.  
Warner just after the fire was \$500,  
as stated in this paper.

Thomas Darrah, bookkeeper of the  
Burford pottery, accompanied by Mrs.  
Darrah, left for Cleveland yesterday.  
Mr. Darrah will return today, but Mrs.  
Darrah will remain two weeks.

Benjamin F. Boyd, boss of the slip-  
making department at the Buckeye,  
had his right hand caught in the pug  
mill, badly mangling it. He is not able  
to work.

The Bradshaw Pottery company at  
Niles this week shipped a large con-  
signment of ware to Honolulu.

### Foot Ball Score a Tie.

The association foot ball game at  
Rock Springs park yesterday afternoon  
between the Rovers, of this city, and  
the Crabtree (Pa.) team was attended  
by about 150 persons. The score was  
1 to 1.

## STREET CAR SCHEDULE

Causes No End of Complaint—Cars Far Apart And Not Enough Room.

The residents of Wellsville, especially the traveling public, are becoming more disgusted every day with the 24-minute schedule, by which the street cars are being operated. It is a very common occurrence to see a crowd standing at the various corners on Main street and every one protesting in a loud voice about the service which compels them to stand in the rain and cold.

The most serious objection yet filed is that there are not now enough cars to accommodate the passengers. One lady, speaking of the crowded cars, said that she visited East Liverpool Tuesday and wishing to return to Wellsville went to the Diamond and arrived a minute late. Therefore she waited 24 minutes and then attempted to board a car, but it was so filled that she could not get on and had to wait another 24 minutes before she could find room.

Steps are being taken to have council interfere, but no action will be taken until the first regular meeting in January. The councilmen, however, are hearing protests daily, and may be requested to hold a special meeting.

## LODGED IN JAIL

The City Bastille Had More Tenants Than Usual Yesterday.

The city jail had several lodgers yesterday. The police officers were lenient with the common drunks, it being a day of general jollification, but some became hilarious, created considerable disturbance and were locked up. They were Jumbo Snediker, Elias Williamson and James Stewart. The latter was arrested by Officer Roley and is charged with being drunk and beating his wife.

Stewart has been before the mayor on several occasions and will likely get a severe sentence. All incarcerated will have a hearing Friday when Mayor Dennis returns from Florence, Pa.

## MISHAP TO A SKATER

A 14-Year-Old Lad Ventured on Thin Ice And Got a Cold Bath.

Harry Simpkins, aged 14 years, who lives near the corporation line, West End, met with an accident yesterday which might have cost him his life. He left home early in the morning and went down to the river to skate on the shore ice. He ventured too near the water's edge and by a little slip of the ice he was precipitated into the river.

His loud cries for help were answered by a shanty boatman and he was taken from the water in a freezing condition. Being taken before a warm fire he soon revived and is now suffering none from the effects of his cold and unexpected bath.

## ENJOYABLE PARTY

Miss Ethel Clark Charmingly Entertained a Number of Friends.

Miss Ethel Clark, daughter of Rev. and Mrs. C. E. Clark, most charmingly entertained a number of her friends last evening. Various home games and fine music were features, after which all partook of an elegantly prepared luncheon.

Mr. Wood is well known in Wellsville, having been for years assistant engineer of maintenance of way of the Wellsville division of the C. & P. railroad. He is now a freight agent for the Union line at Minneapolis, Minn.

**Bogus Coin in Circulation.**  
Counterfeit half dollars are being circulated among the different business houses in Wellsville. Charles Snediker, the Main street clothier, was the first to detect them and he immediately informed others, who have found quite a number in their collections of the week. The money

is described as being lighter than the ordinary half dollar and has a greasy appearance. They are easily detected and all are warned to keep a vigilant watch for them.

## Mysterious Shots Were Heard.

As a result of three pistol shots being fired at the rear of a Third street saloon Christmas eve the residents of that thoroughfare were thrown into much excitement. All sorts of conjectures were made as to the cause of the shooting and who handled the pistols, but nothing definite could be learned. It is also said that a similar occurrence happened in the West End about the same time, but the police were unable to get a clue.

## Robinson-Drandt.

Frederick Drandt and Miss Maggie Robinson, both residents of Wellsville, were united in marriage by Squire A. G. McKenzie in his office Tuesday afternoon. The groom is a millworker and the bride is one of Wellsville's esteemed young ladies. Immediately after the marriage ceremony the happy couple left for Pittsburgh to spend their honeymoon.

## A Truly Merry Christmas.

The employees and drivers of Clem McQuilkin had a merry Christmas eve. A large black horse and a tiny white one were hitched to a brightly illuminated coach in which were six young ladies. The McQuilkin household was aroused by the jingle of sleigh bells and lusty shouts with the arrival of the turnout and when the party of ladies and employees were admitted to Mr. McQuilkin's home two high chairs for the twins, which recently blessed the McQuilkins, were presented.

## BIG RAILWAY STATION HOTEL

**There Will Be One In New York's New Pennsylvania Depot.**

In addition to being a novelty, through its possession of underground trackage, the projected union station of the Pennsylvania Railroad company will be the first building of its kind in or around New York to hold a hotel, says the New York Herald.

It will be on the west or Eighth avenue side of the big station. The great structure will be five and one-half stories above ground. There will be two stories below ground, leading to and providing for the tracks. A passenger entering the building on the east side will walk down a long incline to the first story, eighteen feet underground.

Ticket offices and waiting rooms will probably be placed on the ground floor, but some of the ticket offices are expected to be on the underground floor. On that floor will be a wide gallery overlooking the tracks. From it passengers will descend sixteen feet by stairways to the train platforms. Provision is to be made for carriage drives down to the level of the long gallery over the tracks.

The Long Island Road will occupy the north half of the station and the Pennsylvania the south section. A simple switching arrangement provides for the receipt of trains on the outside tunnels and their dispatch by the Thirty-second street lines. The Thirty-second and Thirty-first street tubes can be used for direct traffic, such as through trains to Long Island points from Philadelphia or places farther west and for through trains from cities south of New York for New England points.

Two express trains that are the pride of the Pennsylvania road—the Federal and the Colonial—which run from Boston to Washington and vice versa without change, will undoubtedly go through this tunnel when the new Hell Gate bridge is completed and connection established by it between the Long Island and the New York, New Haven and Hartford roads. These trains are now ferried around New York and make no stop in that city.

## A Truly Merry Christmas.

The employees and drivers of Clem McQuilkin had a merry Christmas eve. A large black horse and a tiny white one were hitched to a brightly illuminated coach in which were six young ladies. The McQuilkin household was aroused by the jingle of sleigh bells and lusty shouts with the arrival of the turnout and when the party of ladies and employees were admitted to Mr. McQuilkin's home two high chairs for the twins, which recently blessed the McQuilkins, were presented.

## Quits.

Maud-Kitty, do you know what awful things people are saying about you?

Kitty—No, dear, and I suppose you do not know what terrible things people are saying about you.

Maud—Perhaps, on the whole, it is well that neither of us should be enlightened.—Boston Transcript.

## BIG RAILWAY STATION HOTEL

There Will Be One in New York's New Pennsylvania Depot.

In addition to being a novelty, through its possession of underground trackage, the projected union station of the Pennsylvania Railroad company will be the first building of its kind in or around New York to hold a hotel, says the New York Herald.

It will be on the west or Eighth avenue side of the big station. The great structure will be five and one-half stories above ground. There will be two stories below ground, leading to and providing for the tracks. A passenger entering the building on the east side will walk down a long incline to the first story, eighteen feet underground.

Ticket offices and waiting rooms will probably be placed on the ground floor, but some of the ticket offices are expected to be on the underground floor. On that floor will be a wide gallery overlooking the tracks. From it passengers will descend sixteen feet by stairways to the train platforms. Provision is to be made for carriage drives down to the level of the long gallery over the tracks.

The Long Island road will occupy the north half of the station and the Pennsylvania the south section. A simple switching arrangement provides for the receipt of trains on the outside tunnels and their dispatch by the Thirty-second street lines. The Thirty-second and Thirty-first street tubes can be used for direct traffic, such as through trains to Long Island points from Philadelphia or places farther west and for through trains from cities south of New York for New England points.

Two express trains that are the pride of the Pennsylvania road—the Federal and the Colonial—which run from Boston to Washington and vice versa without change, will undoubtedly go through this tunnel when the new Hell Gate bridge is completed and connection established by it between the Long Island and the New York, New Haven and Hartford roads. These trains are now ferried around New York and make no stop in that city.

# DROPPING IN THE THROAT.

Nasal Catarrh in all its Stages a Menace to General Health.

Blood Wine Heals the Diseased Membranes—a Modern Treatment Endorsed by all Physicians.

When catarrh of the head gets to a place where the discharge runs down the nasal passages and drops into the throat it has reached the danger point. If you wait until it goes that far don't let it go any further—for the next place it attacks is the bronchial tubes and the lungs. Catarrh undoubtedly causes more consumption than anything else, and like consumption it must be treated through the blood. Local applications at best can only serve to work out the discharges. They don't get at the root of the trouble, and sometimes, quite often, in fact, they irritate the inflamed outer surfaces and aggravate the disease. "Blood Wine" passes into the blood and purifies it.

The poisonous matters, which keeps the membranes of the head and respiratory organs, are filtered, passed out of the system and the diseased parts healed, to stay healed. It will stop the dropping in the throat and all discharges, sweeten the breath, relieve the irritation of the nasal passages, throat and windpipe. It overcomes the burning, smarting sensation in the eyes. It removes the obstructions in the head, and makes breathing easy and enables you to stop spitting and scraping.

M. CURTIS.

One of the many people who has been thoroughly cured of catarrh, and owes it to "Blood Wine," is Mr. M. Curtis, a prominent manufacturer and contractor of Boston, who lives on Waters Avenue, Everett, Mass., and he says:

"I have been completely cured of catarrh. This is an awful climate for it; most everyone is affected by it more or less, and I had it for years. It grew on me and was plainly ruining my health, making me thin, nervous, sleepless and with no appetite. I tried 'Blood Wine' because its theory of treating catarrh seemed feasible. One bottle improved me, and four more bottles cured me. I still keep it in the house and wouldn't do without it."

"Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed and Hodson's drug stores.

# PRAYERS FOR MISS STONE.

Christians in Armenia and Turkey Pray For Release of She and Mme. Tsilka.

New York, Dec. 26.—Letters received in this city by natives of Armenia contained the information that the people of the east are still greatly agitated over the abduction of Miss Ellen M. Stone, the missionary, and her companion, Mme. Tsilka. Throughout Armenia and the Turkish empire Christians have assembled daily in their places of worship since Sept. 3 to pray for the deliverance of Miss Stone and her companion.

Special services of prayer were held yesterday in Beyrout and in every Christian church in the orient in pursuance of a plan formulated several weeks ago.

## DAVID P. WHEELER KILLED.

Cashier of an Akron Bank Electrocutated—Three Fingers Burned Off.

Akron, O., Dec. 26.—David P. Wheeler, a prominent banker and capitalist of this city, was electrocuted yesterday afternoon. He had been at the Citizens' National Bank, of which he was cashier, with Jacob Koch, a director, examining some correspondence.

Mr. Koch left after they had concluded their business, and Mr. Wheeler went to the vault to lock it up.

In one hand he held an electric bulb on a long wire, and with the other grasped the handle of the steel door. The coating on the wire had been rubbed off, and owing to a crossed wire the light wire was heavily charged.

A circuit being formed with the steel vault, the shock was sufficient to produce instant death.

Mr. Wheeler not returning to dinner, his son, Willard, set out to find him. Entering the bank he found his father standing upright, leaning against the vault.

His right hand grasped the knob of the door, but three fingers of his right hand had been burned off. Mr. Wheeler was 53 years old, and leaves a wife, one son and one daughter.

## HOT TIME FOR GOMEZ.

His Favor For Palma Brings Him Much Abuse.

Havana, Dec. 26.—According to telegrams printed in Senor Estrada Palma's official organs, General Gomez is faring badly on his political tour in favor of Palma. In the Puerto Principe province his meetings have been broken up, he having been greeted with shouts of "traitor," and stones have been thrown at him. General Gomez is mounted upon the same horse he used during the war and is accompanied by a band and a number of veterans. The Maso feeling is running strong in Puerto Principe.

The Nation says Gomez is paid by the government to stomp the country. He is met with that accusation on every hand. Maso's followers have withdrawn every one of their candidates and the feeling at some points is bitter.

## MRS. MCKINLEY'S CONDITION.

Good or Even Better Than Any Time Since Tragedy.

Canton, O., Dec. 26.—Mrs. McKinley spent Christmas day alone at her home. She was urged to join the Barber family in their Christmas dinner at the old Saxton homestead, but declined to do so. She did not wish to be so forcibly reminded of the Christmas days of the past, as she would be by such a dinner.

Mrs. McKinley's condition is as good, or better, than it has been since the tragedy. Relatives who see her most often state that she shows gradual improvement. She remembered many of her friends with little Christmas presents and she received flowers and presents from all over the country.

## GIFTS TO CHILDREN.

Americans in Paris Remembered by the De Youngs.

Paris, Dec. 26.—The weather yesterday was fine and the boulevards were thronged all day long by animated crowds of promenaders visiting the toy fair.

American children in Paris were benefitted by the kindness of Mr. and Mrs. Michael De Young, of San Francisco, who gave a fete in the afternoon in their apartments at the Continental hotel. An immense Christmas tree, laden with glittering toys, had been erected in one of the rooms. United States Ambassador Porter and Mrs. Porter and Consul General Gowdy and Mrs. Gowdy were present at the distribution of gifts, and a constant stream of children left the hotel, carrying armfuls of toys which Mr. and Mrs. De Young had brought specially from America.

# WHITE AND RED

Pale blood—pale face—poor health; Scott's Emulsion—red blood—rosy face—good health; that's the order of events.

Our first lines give a condensed history of many cases, chiefly young girls at school. For some reason girls of that age are frequent sufferers from pale blood—a real blood starvation.

Scott's Emulsion, a clean, white medicine, makes rich, red blood and rosy faces. It is blood food.

We'll send you a little to try, if you like. SCOTT & BOWNE, 409 Pearl street, New York.

## GENERAL ALGER IMPROVED.

Physician Said He Had Passed Most Critical Stage.

Detroit, Dec. 26.—Last night Dr. C. G. Jennings, who is attending General R. A. Alger, said to the Associated Press:

"You may announce that General Alger has safely passed the first and most critical stage after the operation that was performed on him last Sunday. Of course there will be a possibility of dangerous developments for at least another week, but we do not expect any."

The bulletin on the general's condition, issued last night, says:

"General Alger passed a very comfortable day. He has had no fever; his pulse has ranged from 68 to 72 throughout the day. He will be given liquid nourishment by the stomach tonight for the first time. It will be a solution of egg albumen. The drainings from the gall bladder is perfect."

"C. G. Jennings, M. D."

For the first time since the operation all the family were yesterday admitted to General Alger's room. The general was very bright and cheerful throughout the day and was ambitious to do more and see more people than his physicians would permit him.

## SON KILLED HIS FATHER.

Claimed He Did It to Prevent Him Killing His Mother.

Brazil, Ind., Dec. 26.—Richard Watkins, colored, came home last night and began abusing his family. He picked up a hatchet and started after his wife, saying he was going to kill her, and attempted to strike her on the head. Theodore, aged 13, his son, seized a revolver, which he fired at his father. The bullet took effect near the heart and death resulted soon.

Young Watkins surrendered himself to the police. The boys says he shot his father to keep him from killing his mother, but that he did not intend to kill his father. He insists he was justified in the shooting.

## EX-PRESIDENT CLEVELAND WAS BETTER.

# RACE RIOT IN NEW YORK.

During Fighting Negroes Fired Shots and Used Knives and Razors. Four Persons Wounded.

New York, Dec. 26.—A race riot between whites and blacks in Harlem yesterday developed serious proportions and kept the police busy for a time. The negroes, 100 strong, were armed with revolvers and clubs, while equally as many whites used stones as weapons. The negroes had the advantage, but were driven back into their tenements by the police after they had charged on the whites with pistols and razors. Fourteen negroes were arrested. Four whites, including a policeman, were badly shot or cut.

The rioting began when some white boys stoned two colored girls, whereupon a dozen negroes seized the white boys and beat them. The boys, when released, told their story to white men in the vicinity and an organized attack was made on the negroes, who were driven back to their tenements under a shower of stones. The confusion increased when the white men began to bombard the tenements with stones and other missiles and the negroes fired from their windows into the crowd. The whites, surprised by the shooting, and seeing men fall wounded, turned and ran, followed by the negroes, who used knives and clubs freely.

At this point a squad of policemen arrived on the scene and with drawn clubs stopped the rioting, chasing the negroes into their houses.

Tell of Magical Results Brought About in Burning, Itching, Bleeding Skis Troubles by Dr. Chase's Ointment.

Dr. Chase's Ointment draws more praise from ministers, physicians and lawyers than any other medicine in the world. It is endorsed by every profession.

## Extracts from their Letters.

Rev. W. N. Edwards, Baptist minister, 109 Trinity Place, Buffalo, N. Y., writes:

"For over fifteen years the itching piles have been a source of constant annoyance to me, and frequently, too, the suffering has become intense. At times there was bleeding and the itching and burning was beyond endurance. The results I have derived from Dr. Chase's Ointment have been magical and the benefits lasting. I feel it a duty to fellow sufferers to recommend it."

Rev. J. N. Van Natter, Methodist minister, Albion, Wis., writes:

"My wife was terribly afflicted with protruding piles and contemplated a surgical operation when her notice was drawn to Dr. Chase's Ointment, and less than one box effected a cure."

"I then used it for an unsightly and troublesome skin affection, which had baffled medical skill for twenty-five years. Dr. Chase's Ointment thoroughly cured it. For piles and skin disease it is worth its weight in gold."

Rev. J. A. Baldwin, Baptist minister, Arizona, Ont., writes:

"For over twenty years I was a great sufferer from itching and protruding piles. I used many remedies and underwent three very painful surgical operations, all without obtaining any permanent benefit. When about to give up in despair I was told to use Dr. Chase's Ointment and did so, finding relief at once. I used three boxes, and am entirely cured. The itching is all gone. I have advised others to use it, believing it would cure them as it has me."

Rev. Chas. Fish, Methodist minister, 192 Dunn avenue, Toronto, Ont., writes:

"Ten years ago eczema began on my ears and spread over my head and hands. During that time I was a great sufferer. I tried many remedies, and some of the best physicians—specialists on skin diseases—treated me. The first box of Dr. Chase's Ointment gave much relief and five boxes completely cured me. I think my cure a marvel, and gladly recommend Dr. Chase's Ointment."

Just as good for every form of skin trouble, no matter how long standing. 50 cents a box, all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

## PRAYERS FOR MISS STONE.

Christians in Armenia and Turkey Pray For Release of She and Mme. Tsilika.

New York, Dec. 26.—Letters received in this city by natives of Armenia contained the information that the people of the east are still greatly agitated over the abduction of Miss Ellen M. Stone, the missionary, and her companion, Mme. Tsilika. Throughout Armenia and the Turkish empire Christians have assembled daily in their places of worship since Sept. 3 to pray for the deliverance of Miss Stone and her companion.

Special services of prayer were held yesterday in Beyrout and in every Christian church in the orient in pursuance of a plan formulated several weeks ago.

## DAVID P. WHEELER KILLED.

Cashier of an Akron Bank Electrocutted—Three Fingers Burned Off.

Akron, O., Dec. 26.—David P. Wheeler, a prominent banker and capitalist of this city, was electrocuted yesterday afternoon. He had been at the Citizens' National bank, of which he was cashier, with Jacob Koch, a director, examining some correspondence.

Mr. Koch left after they had concluded their business, and Mr. Wheeler went to the vault to lock it up.

In one hand he held an electric bulb on a long wire, and with the other grasped the handle of the steel door. The coating on the wire had been rubbed off, and owing to a crossed wire the light wire was heavily charged.

A circuit being formed with the steel vault, the shock was sufficient to produce instant death.

Mr. Wheeler not returning to dinner, his son, Willard, set out to find him. Enterin the bank he found his father standing upright, leaning against the vault.

His right hand grasped the knob of the door, but three fingers of his right hand had been burned off. Mr. Wheeler was 53 years old, and leaves a wife, one son and one daughter.

## HOT TIME FOR GOMEZ.

His Favor For Palma Brings Him Much Abuse.

Havana, Dec. 26.—According to telegrams printed in Senor Estrada Palma's official organs, General Gomez is faring badly on his political tour in favor of Palma. In the Puerto Principe province his meetings have been broken up, he having been greeted with shouts of "traitor," and stones have been thrown at him. General Gomez is mounted upon the same horse he used during the war and is accompanied by a band and a number of veterans. The Maso feeling is running strong in Puerto Principe.

The Nacion says Gomez is paid by the government to stump the country. He is met with that accusation on every hand. Maso's followers have withdrawn every one of their candidates and the feeling at some points is bitter.

## MRS. M'KINLEY'S CONDITION.

Good or Even Better Than Any Time Since Tragedy.

Canton, O., Dec. 26.—Mrs. McKinley spent Christmas day alone at her home. She was urged to join the Barber family in their Christmas dinner at the old Saxon homestead, but declined to do so. She did not wish to be so forcibly reminded of the Christmas days of the past, as she would be by such a dinner.

Mrs. McKinley's condition is as good, or better, than it has been since the tragedy. Relatives who see her most often state that she shows gradual improvement. She remembered many of her friends with little Christmas presents and she received flowers and presents from all over the country.

## GIFTS TO CHILDREN.

Americans in Paris Remembered by the De Youngs.

Paris, Dec. 26.—The weather yesterday was fine and the boulevards were thronged all day long by animated crowds of promenaders visiting the toy fair.

American children in Paris were benefited by the kindness of Mr. and Mrs. Michael De Young, of San Francisco, who gave a fete in the afternoon in their apartments at the Continental hotel. An immense Christmas tree, laden with glittering toys, had been erected in one of the rooms. United States Ambassador Porter and Mrs. Porter and Consul General Gowdy and Mrs. Gowdy were present at the distribution of gifts, and a constant stream of children left the hotel, carrying armfuls of toys which Mr. and Mrs. De Young had brought specially from America.

## WHITE AND RED

Pale blood—pale face—poor health; Scott's Emulsion—red blood—rosy face—good health; that's the order of events.

Our first lines give a condensed history of many cases, chiefly young girls at school. For some reason girls of that age are frequent sufferers from pale blood—a real blood starvation.

Scott's Emulsion, a clean, white medicine, makes rich, red blood and rosy faces. It is blood food.

We'll send you a little to try, if you like. SCOTT & BOWNE, 409 Pearl street, New York.

## GENERAL ALGER IMPROVED.

Physician Said He Had Passed Most Critical Stage.

Detroit, Dec. 26.—Last night Dr. C. G. Jennings, who is attending General R. A. Alger, said to the Associated Press:

"You may announce that General Alger has safely passed the first and most critical stage after the operation that was performed on him last Sunday. Of course there will be a possibility of dangerous developments for at least another week, but we do not expect any."

The bulletin on the general's condition, issued last night, says:

"General Alger passed a very comfortable day. He has had no fever; his pulse has ranged from 68 to 72 throughout the day. He will be given liquid nourishment by the stomach tonight for the first time. It will be a solution of egg albumen. The drainings from the gall bladder is perfect."

## "C. G. Jennings, M. D."

For the first time since the operation all the family were yesterday admitted to General Alger's room. The general was very bright and cheerful throughout the day and was ambitious to do more and see more people than his physicians would permit him.

## SON KILLED HIS FATHER.

Claimed He Did It to Prevent Him Killing His Mother.

Brazil, Ind., Dec. 26.—Richard Watkins, colored, came home last night and began abusing his family. He picked up a hatchet and started after his wife, saying he was going to kill her, and attempted to strike her on the head. Theodore, aged 13, his son, seized a revolver, which he fired at his father. The bullet took effect near the heart and death resulted soon.

Young Watkins surrendered himself to the police. The boys says he shot his father to keep him from killing his mother, but that he did not intend to kill his father. He insists he was justified in the shooting.

## RACE RIOT IN NEW YORK.

During Fighting Negroes Fired Shots and Used Knives and Razors. Four Persons Wounded.

New York, Dec. 26.—A race riot between whites and blacks in Harlem yesterday developed serious proportions and kept the police busy for a time. The negroes, 100 strong, were armed with revolvers and clubs, while equally as many whites used stones as weapons. The negroes had the advantage, but were driven back into their tenements by the police after they had charged on the whites with pistols and razors. Fourteen negroes were arrested. Four whites, including a policeman, were badly shot or cut.

The rioting began when some white boys stoned two colored girls, whereupon a dozen negroes seized the white boys and beat them. The boys, when released, told their story to white men in the vicinity and an organized attack was made on the negroes, who were driven back to their tenements under a shower of stones. The confusion increased when the white men began to bombard the tenements with stones and other missiles and the negroes fired from their windows into the crowd. The whites, surprised by the shooting, and, seeing men fall wounded, turned and ran, followed by the negroes, who used knives and clubs freely.

At this point a squad of policemen arrived on the scene and with drawn clubs stopped the rioting, chasing the negroes into their houses.

## Four Ministers

Tell of Magical Results Brought About in Burning, Itching, Bleeding Skin Troubles by Dr. Chase's Ointment.

Dr. Chase's Ointment draws more praise from ministers, physicians and lawyers than any other medicine in the world. It is endorsed by every profession.

## Extracts from their Letters.

Rev. W. N. Edwards, Baptist minister 100 Trinity Place, Buffalo, N. Y., writes:

"For over fifteen years the itching piles have been a source of constant annoyance to me, and frequently, too, the suffering has become intense. At times there was bleeding and the itching and burning was beyond endurance. The results I have derived from Dr. Chase's Ointment have been magical and the benefits lasting. I feel it a duty to fellow sufferers to recommend it."

Rev. J. N. Van Natter, Methodist minister, Albion, Wis., writes:

"My wife was terribly afflicted with protruding piles and contemplated a surgical operation when her notice was drawn to Dr. Chase's Ointment, and less than one box effected a cure."

"I then used it for an unsightly and troublesome skin affection, which had baffled medical skill for twenty-five years. Dr. Chase's Ointment thoroughly cured it. For piles and skin disease it is worth its weight in gold."

Rev. J. A. Baldwin, Baptist minister, Arkona, Ont., writes:

"For over twenty years I was a great sufferer from itching and protruding piles. I used many remedies and underwent three very painful surgical operations, all without obtaining any permanent benefit. When about to give up in despair I was told to use Dr. Chase's Ointment and did so, finding relief at once. I used three boxes, and am entirely cured. The itching is all gone. I have advised others to use it, believing it would cure them as it has me."

Rev. Chas. Fish, Methodist minister, 193 Dunn avenue, Toronto, Ont., writes:

"Ten years ago eczema began on my ears and spread over my head and hands. During that time I was a great sufferer. I tried many remedies, and some of the best physicians—specialists on skin diseases—treated me. The first box of Dr. Chase's Ointment gave much relief and five boxes completely cured me. I think my cure a marvel, and gladly recommend Dr. Chase's Ointment."

Just as good for every form of skin trouble, no matter how long standing. 50 cents a box, all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

**Isn't it Worth 25c.  
To Be Cured of  
Constipation**

People who suffer from habitual constipation with all its attendant ills, clogged stomach and bowels, sluggish liver, heartburn, indigestion, and thin and impure blood, are too apt to believe that the only remedy is violent purgatives. The contrary is the case. Such cathartics, even if they do move the bowels, are irritating and griping, leave the stomach inflamed and enfeebled and the constipated condition recurs with greater difficulty of cure and the sufferer constantly growing worse. There is a laxative that moves the bowels without pain or griping, cleanses the stomach, sharpens the appetite, stimulates the liver, strengthens the nerves, and purifies the blood, while its marvellous tonic properties tone up the entire system and keep it healthy.

**Laxakola Does It**

Its remarkable tonic properties reach every organ—the liver, kidneys and stomach, nerve, heart and brain—and removes the cause of your debilitated condition. This is the only way to secure an absolute and permanent cure.

Laxakola is the only medicine for babies, is purely vegetable and its action is gentle, speedy and effective. For coated tongue, simple fevers, colds, chills and languid feeling it is the ideal medicine.

It tastes good. **Children like it and ask for it.**

Laxakola, the great tonic laxative, is not only the most efficient of family remedies, but the most economical, because it combines two medicines, viz: laxative and tonic, and at one price. No other remedy gives so much for the money. At druggists, 25c. and 50c., or send for free sample to LAXAKOLA CO., 122 Nassau Street, N. Y., or 356 Dearborn Street, Chicago.

## SHAW TO BE CHOSEN.

Will Be Appointed Secretary  
of Treasury, to Succeed  
Gage.

**WILSON TO STAY IN CABINET.**

No Change to Be Made in the  
Office of Secretary of Agriculture,  
Filled by Another Iowa  
Man—Change Probably Next Month

Washington, Dec. 26.—It was announced authoritatively last evening that Governor Leslie M. Shaw, of Iowa, would be appointed secretary of the treasury to succeed Secretary Lyman J. Gage. There will be no change in the office of secretary of agriculture, Secretary Wilson, also of Iowa, continuing to retain that portfolio.

The date of transfer of the treasury department will depend upon the mutual convenience of the outgoing and incoming secretary. Mr. Gage having signified an entire willingness to remain at the head of his department until such time as it may be agreeable to his successor to take hold. It is supposed, however, that Governor Shaw will be inducted into his new office some time in January. It has been known for two or three days that Governor Shaw was slated for appointment to succeed Secretary Gage, but it was not until today that the Iowa executive accepted the tender made to him.

Des Moines, Ia., Dec. 26.—Governor Shaw was seen again last evening with regard to his appointment as secretary of the United States treasury. He declined to talk at length about the matter, merely reiterating that the president had confidentially asked him by wire if he would accept the position if it should be tendered to him. He replied that he would accept, but up to the present time no formal tender of the position has been made by the president. However, from the tone of the dispatches from Washington he assumed the president will appoint him and that to all intents and purposes the matter has been fully settled. The governor's term as chief executive of Iowa will not expire until Jan. 16, when Governor-elect Cummins will be inaugurated. The legislature will convene Jan. 13, and Governor Shaw will be very busy in the interim with the preparation of his annual message, so that if the appointment by the president should be made Governor Shaw will hardly be able to take up the duties before Jan. 20, and possibly later. The people of Iowa are greatly elated at Governor Shaw's prospective entry into the president's cabinet, but would regret very much to have Secretary of Agriculture Wilson retire in consequence, and no one would regret this more than would Governor Shaw. All Iowa people feel that Mr. Wilson is the right man in the right place in this and other administrations. With Allison as senate leader, Henderson as speaker of the house and with the prospect now of two members of the cabinet, the state is undoubtedly greatly honored and largely influential in national affairs.

**THOUSANDS IN PRIZES.**

Notable Distribution of Gifts at Stockholm and Christiania to Notable Men.

Washington, Dec. 26.—United States Minister Thomas has reported to the state department that events of unusual importance and interest took place Dec. 10 at Stockholm and at Christiania, in connection with the first award of the Nobel prizes. Alfred Nobel, the discoverer of dynamite, who died five years ago, left substantially the whole of his vast fortune for the benefit of mankind, and in his will directed that it be divided into prizes, without regard to nationality, the worthiest to be awarded the prize, whether he be Scandinavian or not. These prizes consisted of five allotments, each of more than \$40,000. The awards were as follows:

In physics, to Wilhelm Conrad Roentgen, professor of the university of Munich, the discoverer of the Roentgen rays; in chemistry, to Jacobus Henricus Van Hoff, professor at the University of Berlin; in medicine, to Emil von Behring, professor at Halle, the discoverer of the diphtheria serum; in literature, to Sully-Proudhomme, member of the French academy; in the works of peace, the prizes were divided between Frederick Passy, national economist, of France, and Henri Dunant, of Switzerland, the leading spirit in bringing about the Geneva convention and in instituting the societies of the Red Cross.

The prize diplomas were awarded by the crown prince in person, at Stockholm, in the presence of a great gathering of distinguished people, and at Christiania the award was made by the Norwegian storting, convened in solemn session.

Sully-Proudhomme was unable to attend because of sickness.

**PROFIT-SHARING CONCERN.**

Hundreds Divided Among Employees, at Liverton, R. I.

Fall River, Mass., Dec. 26.—The employees of the Bourne mills just over the Rhode Island line, in Liverton, received their twenty-fifth consecutive semi-annual profit-sharing dividend and the announcement that the directors had voted to continue the plan another year. They were also advised that by a special vote of the directors the limit of possible participation of profits by the employees had been doubled, so that now the amount may be "not less than 6 per cent nor more than 20 per cent of the amount paid to the stockholders."

Since the inception of the profit-sharing plan in 1889 the dividends have averaged 3.24 per cent semi-annually. When payment was started it was hoped that the dividends would equal savings bank rates. It appears that the dividends paid to the employees have averaged more than 60 per cent greater than savings bank rates.

**SURRENDERED BAD STAMP,**

But Secretary Foote Declines to Drop Prosecution.

Kansas City, Mo., Dec. 26.—A fraudulent stamp, similar to that used at the Union depot ticket office for the purpose of validating the return portions of railway tickets, has been voluntarily surrendered to George H. Foote, secretary of the Kansas City Passenger association. The stamp was given to Mr. Foote by a local attorney, who said it was turned over to him by a client in this city.

This unknown man begged that with its surrender the investigation of recent wholesale frauds in railway tickets, started by H. C. Townsend of St. Louis, general passenger agent of the Missouri Pacific railway, and Mr. Foote, be dropped. The name of the owner of the stamp was not made public. Mr. Foote says the investigation will be continued, and intimates that arrests will follow.

Pow-Wowed After Eating Buffalo Meat—Threats Against Whites Reported.

Guthrie, Okla., Dec. 26.—The Pawnee Indians are threatening. An immense buffalo bull was so injured in transferring from the Santa Fe stock yards to Pawnee Bill's ranch, south of town, that he had to be killed. The meat was given by Major Lillie to the Indians for a buffalo dance. The Indians have been dancing and powwowing ever since. They claim the vast herds of buffalo are coming back to his country and many of the Indians have notified the white lessees to vacate their ranches at once, as they wish to lay the fences low so the buffalo will have full sway of the country. The white people in the remote parts of the reservation are coming into Pawnee and report the Indians are acting in a threatening manner toward them. Pawnee Bill has placed mounted guards around his buffalo ranch, as the Indians are camping in the timber west of there and in sight of the herd, and from their suspicious actions he thinks they intend to liberate the herd and perhaps kill them. The United States Indian agent at that point has been notified and has made a report to the commissioner of Indian affairs at Washington.

## FIRM FOUNDATION

Nothing Can Undermine It In East Liverpool.

People are sometimes slow to recognize true merit and they cannot be blamed for so many in the past have been humbugged. The experience of hundreds of East Liverpool residents expressed publicly through newspapers and other sources places Doan's Kidney Pills on a firm foundation.

Mr. C. McLane, of 187 Church alley, who is employed at the East Liverpool Pottery company, says: "I had muscular rheumatism for three years in my back and kidneys. It caused much pain and suffering, the last years being the worst. I had a steady aching pain in my kidneys; extreme weakness in the muscles of my back; could not rest at night except lying flat on my back, and there was urinary weakness accompanying it. Although I had many bad attacks and used many different medicines, I never obtained any relief. The worst attack I ever had and which completely used me up, occurred just before I used Doan's Kidney Pills. Not having much faith left in medicines, I was rather skeptical when I was recommended to use them but got so bad that I had to get something, so I went for a box to the W. & W. pharmacy. They went direct to the kidneys and acted on the very fountain head of all the trouble, relieving me in a very short time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute. Sold by W. & W. Pharmacy.

**SHAW TO BE CHOSEN.**

Will Be Appointed Secretary of Treasury, to Succeed Gage.

**WILSON TO STAY IN CABINET.**

No Change to Be Made in the Office of Secretary of Agriculture, Filled by Another Iowa Man—Change Probably Next Month

Washington, Dec. 26.—It was announced authoritatively last evening that Governor Leslie M. Shaw, of Iowa, would be appointed secretary of the treasury to succeed Secretary Lyman J. Gage. There will be no change in the office of secretary of agriculture. Secretary Wilson, also of Iowa, continuing to retain that portfolio.

The date of transfer of the treasury department will depend upon the mutual convenience of the outgoing and incoming secretary. Mr. Gage having signified an entire willingness to remain at the head of his department until such time as it may be agreeable to his successor to take hold. It is supposed, however, that Governor Shaw will be inducted into his new office some time in January. It has been known for two or three days that Governor Shaw was slated for appointment to succeed Secretary Gage, but it was not until today that the Iowa executive accepted the tender made to him.

Des Moines, Ia., Dec. 26.—Governor Shaw was seen again last evening with regard to his appointment as secretary of the United States treasury. He declined to talk at length about the matter, merely reiterating that the president had confidentially asked him by wire if he would accept the position if it should be tendered to him. He replied that he would accept, but up to the present time no formal tender of the position has been made by the president. However, from the tone of the dispatches from Washington he assumed the president will appoint him and that to all intents and purposes the matter has been fully settled. The governor's term as chief executive of Iowa will not expire until Jan. 16, when Governor-elect Cummings will be inaugurated. The legislature will convene Jan. 13, and Governor Shaw will be very busy in the interim with the preparation of his annual message, so that if the appointment by the president should be made Governor Shaw will hardly be able to take up the duties before Jan. 20, and possibly later. The people of Iowa are greatly elated at Governor Shaw's prospective entry into the president's cabinet, but would regret very much to have Secretary of Agriculture Wilson retire in consequence, and no one would regret this more than would Governor Shaw. All Iowa people feel that Mr. Wilson is the right man in the right place in this and other administrations. With Allison as senate leader, Henderson as speaker of the house and with the prospect now of two members of the cabinet, the state is undoubtedly greatly honored and largely influential in national affairs.

THOUSANDS IN PRIZES.

Notable Distribution of Gifts at Stockholm and Christiania to Notable Men.

Washington, Dec. 26.—United States Minister Thomas has reported to the state department that events of unusual importance and interest took place Dec. 10 at Stockholm and at Christiania, in connection with the first award of the Nobel prizes. Alfred Nobel, the discoverer of dynamite, who died five years ago, left substantially the whole of his vast fortune for the benefit of mankind, and in his will directed that it be divided into prizes, without regard to nationality, the worthiest to be awarded the prize, whether he be Scandinavian or not. These prizes consisted of five allotments, each of more than \$40,000. The awards were as follows:

In physics, to Wilhelm Conrad Roentgen, professor of the university of Munich, the discoverer of the Roentgen rays; in chemistry, to Jacobus Henricus Van Hoff, professor at the University of Berlin; in medicine, to Emil von Behring, professor at Halle, the discoverer of the diphtheria serum; in literature, to Sully-Proudhomme, member of the French academy; in the works of peace, the prizes were divided between Frederick Passy, national economist, of France, and Henri Dunant, of Switzerland, the leading spirit in bringing about the Geneva convention and in instituting the societies of the Red Cross.

The prize diplomas were awarded by the crown prince in person, at Stockholm, in the presence of a great gathering of distinguished people, and at Christiania the award was made by the Norwegian storting, convened in solemn session. Sully-Proudhomme was unable to attend because of sickness.

PROFIT-SHARING CONCERN.

Hundreds Divided Among Employees, at Liverton, R. I.

Fall River, Mass., Dec. 26.—The employees of the Bourne mills just over the Rhode Island line, in Liverton, received their twenty-fifth consecutive semi-annual profit-sharing dividend and the announcement that the directors had voted to continue the plan another year. They were also advised that by a special vote of the directors the limit of possible participation of profits by the employees had been doubled, so that now the amount may be "not less than 6 per cent nor more than 20 per cent of the amount paid to the stockholders."

Since the inception of the profit-sharing plan in 1889 the dividends have averaged 3.24 per cent semi-annually. When payment was started it was hoped that the dividends would equal savings bank rates. It appears that the dividends paid to the employees have averaged more than 60 per cent greater than savings bank rates.

SURRENDERED BAD STAMP,

But Secretary Foote Declines to Drop Prosecution.

Kansas City, Mo., Dec. 26.—A fraudulent stamp similar to that used at the Union depot ticket office for the purpose of validating the return portions of railway tickets, has been voluntarily surrendered to George H. Foote, secretary of the Kansas City Passenger association. The stamp was given to Mr. Foote by a local attorney, who said it was turned over to him by a client in this city.

This unknown man begged that with its surrender the investigation of recent wholesale frauds in railway tickets, started by H. C. Townsend of St. Louis, general passenger agent of the Missouri Pacific railway, and Mr. Foote, be dropped. The name of the owner of the stamp was not made public. Mr. Foote says the investigation will be continued, and intimates that arrests will follow.

**Isn't it Worth 25c. To Be Cured of Constipation**

People who suffer from habitual constipation with all its attendant ills, clogged stomach and bowels, sluggish liver, heartburn, indigestion, and thin and impure blood, are too apt to believe that the only remedy is violent purgatives. The contrary is the case. Such cathartics, even if they do move the bowels, are irritating and griping, leave the stomach inflamed and enfeebled and the constipated condition recurs with greater difficulty of cure and the sufferer constantly growing worse. There is a laxative that moves the bowels without pain or griping, cleanses the stomach, sharpens the appetite, stimulates the liver, strengthens the nerves, and purifies the blood, while its marvellous tonic properties tone up the entire system and keep it healthy.

**Laxakola Does It**

Its remarkable tonic properties reach every organ—the liver, kidneys and stomach, nerve, heart and brain—and removes the cause of your debilitated condition. This is the only way to secure an absolute and permanent cure.

Laxakola is the only medicine for babies, is purely vegetable and its action is gentle, speedy and effective. For coated tongue, simple fevers, colds, chills and languid feeling it is the ideal medicine.

It tastes good. Children like it and ask for it.

Laxakola, the great tonic laxative, is not only the most efficient of family remedies, but the most economical, because it combines two medicines, viz: laxative and tonic, and at one price. No other remedy gives so much for the money. At druggists, 25c. and 50c., or send for free sample to LAXAKOLA CO., 122 Nassau Street, N. Y., or 266 Dearborn Street, Chicago.

## CHAMPIONSHIP PRICE CUTTING

WE have been in training the past few weeks for this champion event of our career.

A MERCHANT with more "cheek" than capital starts a store in Chicago orders thousands of dollars of the finest wearables for men and boys to be made to his order--gives references apparently satisfactory. While the goods are in course of making he orders more and more. The makers become suspicious, hold a meeting and demand security, which the prospective merchant fails to furnish. The manufacturers offer the stocks already finished for cash at an enormous discount. Of course, every Chicago store-keeper wants the stock, but if they sell to one they make enemies of dozens and so they decide to sell the stocks out of town. We have friends among the Chicago manufacturers, and, to make a long story short, we capture a large portion of the Stocks. This deal was made more than a month ago, but to have held the sale at the time would have been an injustice to our regular stocks.--would have deprived us of much profit that we are entitled to during the Holidays. In fact, we drew upon these goods to supply Holiday wants. Tomorrow this great stock goes on sale at about 50c on the dollar. Even at that it will pay us a profit. Therefore, we feel justified in making the sale general and make reductions on our entire regularly bought stocks, making it the greatest sale the ERLANGER Co. has ever held, the greatest commercial treat in which the East Liverpool buying public has ever participated.

# A KNOCKOUT SALE

## CHAMPIONSHIP PRICE CUTTING

WE have been in training the past few weeks for this champion event of our career.

A MERCHANT with more "cheek" than capital starts a store in Chicago orders thousands of dollars of the finest wearables for men and boys to be made to his order--gives references apparently satisfactory. While the goods are in course of making he orders more and more. The makers become suspicious, hold a meeting and demand security, which the prospective merchant fails to furnish. The manufacturers offer the stocks already finished for cash at an enormous discount. Of course, every Chicago store-keeper wants the stock, but if they sell to one they make enemies of dozens and so they decide to sell the stocks out of town. We have friends among the Chicago manufacturers, and, to make a long story short, we capture a large portion of the Stocks. This deal was made more than a month ago, but to have held the sale at the time would have been an injustice to our regular stocks--would have deprived us of much profit that we are entitled to during the Holidays. In fact, we drew upon these goods to supply Holiday wants. Tomorrow this great stock goes on sale at about 50c on the dollar. Even at that it will pay us a profit. Therefore, we feel justified in making the sale general and make reductions on our entire regularly bought stocks, making it the greatest sale the ERLANGER Co. has ever held, the greatest commercial treat in which the East Liverpool buying public has ever participated.

We don't want to say too much in their praise, but we can safely say that it will take 50 or 60 per cent. more to duplicate them elsewhere. Early callers have the advantage. Choice.....
